Windows troubleshooters

Get Help has troubleshooters you can run for many common scenarios. These often help resolve issues without the need to contact support. If a troubleshooter is available for your issue, select Start to run that troubleshooter.

Available Windows troubleshooters

Get Help has troubleshooters, or diagnostic tests, that can check your system configuration for anything that might be causing issues using your devices.

Audio troubleshooter

Use the audio troubleshooter if you experience issues with sound on your computer.

1. Open the **Get Help** app.
2. In the **Search** bar, enter audio troubleshooter.
3. If asked to consent to proceed with diagnostics, select **Yes** .
4. Allow a few moments for the scan to complete.
5. Follow prompts or steps until issues are resolved.

Start

Background Intelligent Transfer Service (BITS) troubleshooter

Use the Background Intelligent Transfer Service (BITS) troubleshooter to help fix issues with the BITS service

1. Open the **Get Help** app.
2. In the **Search** bar, enter Background Intelligent Transfer Service troubleshooter.
3. Follow the steps provided.

Start

Bluetooth troubleshooter

Use the Bluetooth troubleshooter if you are having problems connecting to a Bluetooth device.

1. Open the **Get Help** app.
2. In the **Search** bar, enter Bluetooth troubleshooter.
3. Follow the steps provided.

Start

Camera troubleshooter

Use the camera troubleshooter if you have issues with your device's camera.

1. Open the **Get Help** app.
2. In the **Search** bar, enter camera troubleshooter.
3. Follow the steps provided.

Start

Network and internet troubleshooter

Use the network and internet troubleshooter if you are having difficulty connecting to the internet or other network.

1. Open the **Get Help** app.
2. In the **Search** bar, enter connect to network and internet.
3. Select **Run network diagnostics**.
4. Complete any troubleshooting steps provided until you can connect successfully.

Start

Printer troubleshooter

Use the printer troubleshooter to resolve issue connecting to a printer or other printing issues.

1. Open the **Get Help** app.
2. In the **Search** bar, enter printer troubleshooter.
3. Follow the prompts to scan for printers and troubleshoot your configuration.

Start

Program compatibility troubleshooter

Use the program compatibility troubleshooter if you experience program compatibility issues.

1. Open the **Get Help** app.
2. In the **Search** bar, enter Run the Windows Program Compatibility troubleshooter.
3. Follow the steps provided.

Start
